

# THE WRANGELL SENTINEL

VOLUME 13, NUMBER 28,

WRANGELL, ALASKA, THURSDAY, JULY 9, 1914-

\$2.50 PER YEAR, 10c. PER COPY

## New Lighting System Soon

Wrangell will have a new lighting system by the middle of September is the information given out by Mr. O. C. Palmer of the Wrangell Electric Light & Power Co. Mr. Palmer has just secured an additional franchise from the town for ten years, and will place a large Alternator in the plant of 75 K. V. A. and the street lines under the new power will carry 2200 volts and the house wires will be for 110. The plant will be operated with the help of the engine which is now used and in addition two 25 horsepower Fairbanks - Morris Type Y, heavy oil engines. The company are getting their line of poles straightened up and ready for the change from the Direct to the Alternating current. This is only one of the many improvements that have been and are being made in Wrangell this summer.

Glen C. Bartlett, the popular manager of the Revilla Hotel, Ketchikan, has been appointed representative at Ketchikan, Alaska for the San Francisco Hotel Bureau. All those wishing to reserve rooms at the exhibition next year should leave orders with Mr. Bartlett.

## Drum Explodes, Boy Is Hurt

The little son of Mr. and Mrs. Walter Waters was brought in from Holbrook last Monday night for medical treatment having been seriously injured in an explosion of a water tank in which water was being heated to melt some tar to be used to tar the fish nets. Early Monday morning the men started to get their tar ready to melt some tar and having made a boiler out of an old oil drum they built a fire under it and then went away and left it. Little James Waters and Loyd Candens started to play some 50 feet away from the boiler and had been there possibly a half hour when there was an explosion and the whole top of the drum was blown off and a piece of it fell striking James Waters on the head cutting the head open for about seven inches. The boy was placed on the Glenora and brought to Wrangell as soon as possible where he was placed in the Wrangell Hospital under the care of Dr. Dawes. Loyd Candens escaped with only a few scratches but James Waters will be laid up in the hospital for some time. Mrs. Waters is staying at the hospital with her son, and according to Dr. Dawes he is progressing as well as could be expected.

## Was Some Time The 4th Of July

Wrangell certainly had a celebration this year that will be remembered for some time to come. The big celebration started on the evening of the 3rd of July with a big Red Men's dance, and such a dance. It was one that will go down in the dancing history as the biggest time ever had at dance in Wrangell. The hall was crowded and everyone went away after dancing to the wee small hours of the morning with a word of praise for the way the Red Men had carried off the dance.

The next thing on the program was the Patriotic Exercises in Red Men's Hall at 9:30 a. m. And the program that was rendered was an honor to the committee consisting of Judge Thomas and Miss Beiler. The band was out in full force and helped to make the day more lively. From the hall the band led the crowd to the wharf where the log rolling contest was pulled off, and won by Mr. T. W. Jones, a logger of the McDonald Lumber Company, the contest while very short was very spirited and the boys all did some fancy work as long as they stayed on the log.

Starting in shortly after one o'clock the street sports began on

Front Street and some very amusing as well as interesting contests were pulled off, and everything went lovely down to the Firemen's Hose Race which was so close that it caused considerable comment, being run in about 38 seconds by both teams, and as one company missed the hydrant and the other made a mistake on the other end of the hose, while both companies got water through, it was concluded that the two teams should have equal honors and so they were adjudged.

The boat races after supper were a very close contested affair and some very pretty races were pulled off.

Everything turned out to make the day, the rain that had been falling the day before stopped and the sun came out, while it was not too hot to enjoy it. Anyway the celebration was a grand success and everyone is well satisfied with the way things went off, and may we have as good a one next year.

## Meeting Of Town Council

The City Fathers met in regular session last Thursday night. All the Councilmen were present except Mayor Emery, in his absence Councilman Grant acted as Chairman of the meeting. Councilman Sorset of the Water Committee reported that the cable that they had ordered from the West Coast had arrived in good shape and was now being used to haul the donkey engine up the dam site where it will be used for the work of clearing out the logs and other trash from the site. The Street Committee reported through Councilman Grant that there were several bad places in the street near the wireless station and also near the Sanitary Cannery. All the bills were ordered paid. The main feature of the meeting was the granting of a new franchise to the Wrangell Electric Light and Power Company, for a ten year exclusive right and a ten year non-exclusive right. The franchise was drawn up and ordered printed in the Sentinel for one issue.

The river boat Winifred is having considerable trouble to get up the river this trip. Having made the start two or three times and coming back each time. Last Friday she started out and got as far as the Garnet ledge when the pump gave out and the ship had to be turned back to town, using a hand pump to get back to town.

Capt. Jinks was not to be outdone in the celebration on the Fourth of July, so he touched off a string of fire crackers about eight feet long late in the afternoon. The crackers were good loud ones and came straight from China so Capt. Jinks says.

## Will Raise The Curacao

The big tug boat Monitor, of the Pacific Tug Boat Co. came in from the South late last Monday night. The Monitor is on the way to Warm Chuck where the steamer Curacao is sunk, and will be used to move the big floats and scows with which the company expect to raise the Curacao. On board the Monitor is W. A. Bissett manager of the raising of the vessel.

According to the contract with the shipping interests in Seattle who have promised to take the vessel the Curacao must be delivered at that port by July 15, and they will pay \$75,000 for her. According to parties on the Monitor the Curacao will be in Seattle by that date as she is all ready to raise with the tide as soon as the tug gets to Warm Chuck and tows the big floats and barges along side of her at low tide and the incoming tide will raise her and the tug will shove her farther up on shore where when the tide recedes the water from her hold will be let out and the loose plate made solid when she will be all ready for her trip to Seattle. The Curacao was bought by the Vancouver Salvage Co. for about half what they will get for the vessel when she arrives in Seattle, and after taking most of the cargo out which they sold at

## Terrible Accident Near Skagway

The Fourth of July was a very sad day for Skagway, as one of the worst accidents that has ever happened in the waters of Lynn Canal occurred early Saturday morning. According to information received from Skagway the launch Superb capsized in the icy waters and twelve or fourteen young people of Skagway and adjoining towns were drowned, the boat had left Skagway on the evening of July 3rd with 20 passengers on board, bound for Juneau where they aimed to spend the Fourth of July. The boat got as far as Haines, arriving there about one o'clock the morning of the Fourth, and as the wind was blowing two strong for the little launch it was decided to return to Skagway, and started for that port. When about four and a half miles from their destination the boat capsized when rounding a point and the entire party were thrown into the bay. The accident happened about 4:30 and the survivors were picked up about 8:30. The celebration of the Fourth was called off in Skagway.

a good price they will sell the hull for \$75,000 making a good thing out of the old ship.

## LOCAL BRIEFS

The good ship Wabash, Capt. Fred Stackpole, left for the fishing grounds last Tuesday morning.

"The Dream" is the proper place to go when in Ketchikan.

E. Hoben, of Tokene, was among the crowd from the West Coast that spent the Fourth in Wrangell.

The Dream and the Rink set The Pace.

The Quinault of the Portland Steamship line was in port last Monday morning. She had considerable freight for this port.

The Humboldt was in north-bound last Monday morning. She had a good list of round trip tourist passengers.

F. E. Ryus of the Ryus Drug Co. and Dr. Myers, both of Ketchikan were passengers through on the Jefferson last Monday.

The House where THE RINK of Wrangell gets their films from.

The Vermont was in from Tokene last Tuesday. Capt. Farrer stated that he spent the Fourth at Craig with the boat and had a good time.

"The Sermon on the Mount" will be the theme at St. Phillips Church next Sunday evening. Everyone is cordially invited to attend all services.

When in Ketchikan spend an evening at the "The Dream," the house that sets the PACE. All others try to copy.

John F. Chamberlain the reliable traveling man, is calling on Wrangell merchants this week.

C. C. Harris was in from Santa Ana last Tuesday. He reports the cannery in good condition but that the fish are not running very good as yet.

Mrs. Johnson, a Phrenologist and Business Adviser, arrived in Wrangell from Petersburg the first of the week. Mrs. Johnson is recently from Seattle, and has taken the house across from the school building where she can be found for consultation daily.

Capt. K. Johansen arrived in on the Irene Barnes last Friday from Lake Bay. Capt. Johansen just returned from the Sound where he went to bring up the cannery tender Myrtle for the Lake Bay cannery. He arrived in Lake Bay in the morning and left again shortly for Wrangell on the Barnes.

Mr. and Mrs. F. L. Clarke came in from Lake Bay to spend the Fourth in Wrangell.

Mrs. J. H. Wheeler, was a passenger over to the West Coast last Tuesday. Mrs. Wheeler will visit for a couple of weeks on the West Coast.

Bertha M. Weeks, Marianna Nicholson, Bertha B. Bartlett, Bess Bartlett, all of Lynn, Mass., are registered at the Wrangell Hotel. The party will be passengers over on the Uncle Dan to the West Coast where they go to meet James Week, an old timer of this part of the country and a brother of Miss Bertha Weeks.

L. C. Patenaude acted as guide yesterday for Geo. M. Bidwell and son of San Diego, Cal. to the fishing grounds at Conks Creek. Pat says there are lots of fish in the lake down there.

The Karen, Capt. Johansen, left this morning for the Stikine where they will move the camp of the men working on the Stikine Trail to a place further up the river. As soon as he is through moving the camp he will proceed on the telegraph with a load of freight.

Arnt. Sorsat in his speed boat left early this afternoon to catch up with the Karen so as to place H. C. McNaught on board. Mr. McNaught was bound for Telegraph on the Winnifred, but she broke down and he was forced to return to Wrangell, so chartered the speed boat to catch the Karen so as to get to Telegraph on the first boat there.

## Sonebody Stole "That" Bear

There is a rumor around that the Marshal is looking for the party of parties that disposed of a couple of cub bears in Wrangell sometime ago. It seems that some old Indian woman of the West Coast sent word in to the Marshal that the crew of a mail boat that had called there had stole her pet bear and that she would like to have him punish the guilty parties. This is a very serious offence and it is true that the mail boat crew stole the bear they should be punished.

## Here's Your Chance Ali You Bachelors

Here is a grand chance for some Wrangell bachelor. Last Tuesday as the Editor's Wife was preparing the supper meal she unwrapped a new roll of the famous Hazelwood Butter sold by the St. Michael Trading Co. and lying inside the original wrapper was another one with this address written on it, Nora Wallich, No. 1-E 22nd St. N., Portland, Ore. Now, boys, that is why we say here is your chance, we would never give it away only we think the girl worthy of a little help because she believes in advertising.

Wrangell has men to spare and we know of no reason why the right one is not here, and there is no danger but that you are getting a fine girl or she would not be living in Portland or working for the Hazelwood Co.

The Superfool.  
We know the man who cannot swim  
A stroke, but loves to float  
Upon the summer sea and thinks  
It smart to rock the boat.  
Though over his untimely grave,  
Beneath the billows cool,  
We drop the tribute of a tear.  
We class him as a fool.  
But now that we have learned at last  
The trick of how to fly  
And soar above the foamy clouds  
And navigate the sky,  
When far below us spreads the sweep  
Of valley, hill and plain,  
What shall we call the passenger  
Who soaks the aeroplane?  
—Milton Irving in New York Sun.

## Call For Convention

Pursuant to instructions given to the undersigned Chairman of the Territorial Democratic Central Committee, and for the First Division, by the Chairman and Secretary of the Territorial Committee; Notice is hereby given, that there will be held a Progressive Democratic Convention in and for the First Division of the Territory, at Ketchikan, Alaska, on the 15th day of July 1914, for the purpose of placing in nomination four candidates for the Representatives in the Territorial Legislature and one candidate for Senator in the Territorial Legislature, from the First Division of the Territory of Alaska.

Said Convention shall consist of Fifty delegates apportioned among the voting precincts of the First Division of the Territory as follows: to-wit: Juneau 13, Douglass 8, Ketchikan 8, Skagway 4, Wrangell 2, Haines 2, Sitka 2, Silver Bow 1, Craig 3, Sulzer 1, Petersburg 2, Scow Bay 1, charcoal 3.

The Divisional Committee in and for the First Division, recommend that the Primaries for the election of Delegates for said convention be held on such day as the Precincts Committee of the respective precincts may designate. If any Precinct Committeeman fails to call or hold such Primary for the election of Delegates, at least five days prior to the date here-in stated for the Divisional Convention, then the Progressive Democratic voters of such Precinct shall call such meetings and elect their allotment of Delegates, at such time and place as they may agree upon, and said Delegates so elected to the Divisional Convention, as herein provided, shall be the Delegates to the Territorial Convention, held for the purpose of nominating a Delegate to Congress from the Territory of Alaska; which Territorial Convention will be held in the city of Valdez, Alaska, on July 30th, 1914.

E. C. AUSTIN, Chairman.  
of Territorial Committee for Division No. 1.

Paper Pneumatic Tires.  
According to a foreign periodical, not only is paper a suitable material for the manufacture of wheels for railway wagons, but it may be used for the construction of pneumatic tires, possessing the strength of steel and the "elasticity" of rubber. It is absolutely noiseless, resistant to wet and oil and cheaper than rubber tires.

## Alert Fire Co. Elects Officers

The Alert Fire Company held their regular monthly meeting at the Town Hall last Monday evening. A bunch of fire-fighters were present. As it was the July meeting the election of officers came up, and as the new by-laws were not yet printed it was decided to elect them under the old by-laws, and the following officers were elected: J. G. Grant, President; Harry Gattley, Vice-President; Paul F. Stanhope, Secretary; P. C. McCormack, Treasurer and Eddie Lynch, Foreman. The next meeting of the company will be the first Monday in August and it is hoped every member of the company will be present.

## Rink Gives Big Dance

The ball given the evening of the Fourth by the Rink was heartily enjoyed by all. It was well attended, the music was good and a feeling of goodfellowship filled the hearts of the participants which alone would make any social gathering a success. A number of people from the different camps and outside places were in attendance as well as many citizens of Wrangell, everyone enjoying themselves.

## Princess Alice Is Fine Steamer

The Princess Alice arrived last making the first of four voyages that are to be made during the present season. Capt. J. A. McLeod is in command and very proud of his splendid ship. The Princess Alice is one of the largest vessels of the C. P. R. fleet operating on the North Pacific coast and is one of the most commodious and luxuriously finished. She has been operating on the triangle run of Puget Sound and adjacent waters for nearly two years and is a great favorite. She can carry 1200 passengers and has 222 staterooms. In command of the Princess Alice is the admiral of the Canadian Pacific fleet, and the regular master of the Princess May which he commanded for years.

Row Boat double scull 15.00 7.00

Lynch & Johnson, 1st. Hofstad & Choquette.

## Items From Our Exchanges

No "deadhead" messages over  
the Alaska cable will be allowed  
members of Uncle Sam's army  
quarters in Alaska under a general  
order received here yesterday.  
The rule heretofore permitted sol-  
diers quartered in Alaska send-  
ing two messages a month to rela-  
tives and friends.

Also all government messages,  
except those forwarded by the war  
department will have to be paid for  
at one-half the present commercial  
rates.

There will be materially more  
public lands surveyed in Alas-  
ka this year than in any for-  
mer year, according to officials of  
the United States General Land  
office. Surveyor General Charles  
E. Davidson said this morning  
that his office had recommended  
that the coal lands and claims of  
the Nenana, the Matanuska and  
Bering River coal fields be survey-  
ed at once. The lines of survey,  
he said, can be carried from the  
meridians already established,  
where public surveys have already  
been begun.—Empire.

Gilnet fishermen at the mouth of  
the Columbia are said to be hav-  
ing the best results they have ob-  
tained since 1911. The run has  
not been big, but the fish have  
been coming in steadily.

## Minstrel Co. Give Show

The Sanitary Minstrel Company  
played their Minstrel show last  
Sunday night to one of the biggest  
houses that ever gathered in a  
show house in Wrangell. Some  
496 tickets were sold, besides a  
large number of passes. The  
show was a fine production for an  
amateur company and made many  
hearty laughs for the audience.  
The entire company played their  
parts to good advantage, and the  
two boxing contests between Bat-  
tling Nelson and Joe Gans for the  
lightweight championship of the  
Sanitary Cannery, and Jack John-  
son and Frank Moran for the  
easiest job at the cannery, was  
a treat to the sportsmen of the  
town. In the first, a three min-  
ute bout, Battling Nelson won an  
easy victory, and in the latter, a  
four minute bout by heavyweigh he  
Jack Johnson won out on  
points. The vocal solos and  
quartettes were very good and the  
comedians were excellent.

The show from beginning to end  
was greatly enjoyed and all agree  
that Wrangell has some local tal-  
ent equal to any city in Alaska.

M. Waschmuth, master of the  
halibut fishing launch Sea Dog,  
discovered a can of salmon inside  
a halibut he had caught in the  
ocean off Newport.

## NOTICE OF APPLICATION FOR LEAVE TO PURCHASE TRADE AND MANUFACTURING SITE

Serial No. 01673.

United States Land Office, Juneau,  
Alaska.

Notice is hereby given that the  
Pillar Bay Packing Co., Inc., a corpora-  
tion has made application to the United  
States Land Office at Juneau, Alaska,  
pursuant to the provisions of Section  
10 of the Act of Congress approved  
May 14, 1898, entitled "An act  
extending the homestead laws and pro-  
viding for the right of way for rail-  
roads in the District of Alaska and for  
other purposes," as amended by the  
Act of March 3, 1903, to purchase the  
lands embraced in U. S. Non-Mineral  
Survey No. 962, situate on the south  
arm of the Bay of Pillars, an arm of the  
North Pacific ocean, upon the west  
shore of Kuiu Island and more particu-  
larly described as follows, to-wit:

Beginning at Cor. No. 1, at line of  
mesne high tide from whence U. S. L.  
M. No. 962 bears S. 66° 2' W. 63 lks  
distant; Witness Cor. to Cor. No. 1,  
bears S. 14° 32' E. 94 lks distant; run-  
ning thence to cor. No. 1, S. 14° 32'  
E. a distance of 800 chains to cor. No.  
2, thence S. 75° 28' W. 13.54 chains  
to Cor. No. 3; thence N. 14° 32'  
W. a distance of 6.39 chains to  
Cor. No. 4, M. C. at line of  
mesne high tide on beach of south  
arm whence witness Cor. to Cor. No. 4;  
bears S. 14° 32' E. 1.46 chains distant;  
thence from said Cor. No. 4 M. C. by  
meanders along the line of mesne high  
tide of south shore of south arm of the  
Bay of Pillars, the general course be-  
ing in a northerly direction and an ap-  
proximate distance of 13.54 chains;  
the total meandered distance in the  
eight courses between Cor. No. 4 and  
Cor. No. 1, the place of beginning, be-  
ing 29 chains. Containing an area  
13.90 acres. Mng. Var. 30° 30' E.

Any and all persons claiming any por-  
tion of the above described tract of  
land adverse to the Pillar Bay Packing  
Co., Inc., applicant herein aforesaid,  
are hereby required to file an adverse  
claim in accordance to law with the  
Register and Receiver of the United  
States Land Office at Juneau, Alaska,  
during the period of publication or be-  
fore the expiration of sixty (60)  
thereafter.

Dated at Juneau, this 29th day of  
May, 1914.

PILLAR BAY PACKING CO., Inc.  
By Royal A. Gunnison,  
Attorney-in-fact.

United States Land Office, Juneau,  
Alaska, June 3, 1914.  
It is hereby ordered that the fore-  
going notice be published for the  
statutory period, in the Wrangell Sen-  
tinel, a weekly newspaper published  
in the town of Wrangell, in the Ter-  
ritory of Alaska, which newspaper is  
hereby designated as the newspaper  
nearest the land above described.  
C. B. WALKER, Register.

His Complaint.  
Insurance Official—Of what com-  
plaint did your father die? Applicant  
—The jury found him guilty.

## CARE OF FACE, NECK AND HANDS

means a great deal to ev-  
ery woman. The better  
condition she can keep  
them in the younger she  
will look and feel. Our  
toilet wares include every-  
thing the daintiest woman  
could desire at any price  
the most prudent purse  
could afford.

## Wrangell Drug Company

L. P. Dawes, M. D., Prop.

Throw a PEBBLE into a Pool  
and see what a circle it makes.  
Throw an ADVERTISEMENT in-  
to this paper and you will also be  
surprised at the result.

The National Pastime.  
It is an ancient maxim.  
He stoppeth one of three  
And holds him with a skiny hand.  
"Have you a match?" quoth he.  
The shades of night were falling fast  
When through an Alpine village passed  
A youth who bore mid snow and ice  
A banner, with a strange device—  
"Got a match?"  
—San Francisco Chronicle.

Accepted.  
"Quills has had a story accepted at  
ast," remarked a journalist to a col-  
league.  
"Surely not!" was the rejoinder.  
"Yes. He went home at 2 o'clock this  
morning with an awful yarn, and his  
wife believed it."—Denver Republican

The Good Cause.  
"You promised to call," she began, "and  
what is it  
Could act as a cause for postponing your  
visit?"  
"That my plans have miscarried is cer-  
tainly true."  
He replied, "but the cause is a parent to  
you."  
—Judge

Some Job.  
Blinks—Jones is always rushing  
around and won't even stop to speak  
What is the matter with him?  
Jinks—He says that he is trying to  
keep up with his running expenses.—  
Washington Star.

Fact.  
Keep this advice among your stock  
And try to make it stick:  
If you're as glibly as a clock  
You never will need tick.  
—Chicago Record-Herald

Electric Butchering.  
Reporting the electrocution experi-  
ments at the abattoir in Nantes,  
France, Dr. S. Ledne states that a  
large number of oxen, bulls, cows,  
horses, hogs, calves, sheep and dogs  
have been slaughtered by this new  
method, which seems to have proved  
very satisfactory. The current was of  
110 volts with 100 alternations per  
second.
